

INVITATION

15. International Sub Regatta Neulengbach

Dear friend of model-submarines,

the „Association of Model-Submariners Austria“ will celebrate on 13th and 14th September 2025 this regatta in its 15th edition and would like to cordially invite you!

As last time, we have again considered some things for you to make your stay in Neulengbach, especially at our meeting, as pleasant as possible.

This time the regatta should be completely stress-free. This time we deliberately waived various program points in order to concentrate on the essentials! Namely on submarine, submarine, submarine, On Saturday evening we plan our traditional night run again accompanied by music, fog and light effects on the water.

This year, we're also having guests on board, including the "Association of German Submariners." They'll have their own booth. On Saturday evening, five former crew members will talk about their time on submarines and introduce their respective former workplaces. They'll give us an insight into the preparations required for a voyage and what a day at sea was like. Following the event, there will be a panel discussion with the audience and the five submariners.

Demonstrations for the visitors, a model competition with the determination of the most beautiful model, awarded with a challenge cup, as well as the so popular cozy evening and a dinner together, will complete the regatta.

A certificate and a small souvenir will be provided for you.

On both days in the new outdoor swimming pool "free driving" on the program, there is no must and no constraints! Accurate data such as room list, directions and the planned program, we have enclosed in this letter.

We would also like to celebrate this anniversary with YOU and would therefore be all the more pleased to welcome you to our event in Neulengbach and

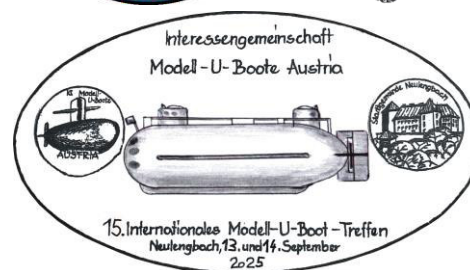

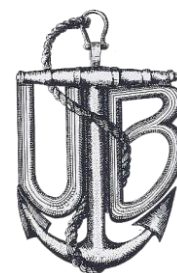

remain with best Regards,

Yours

Hans Hofmann
Interessengemeinschaft Modell U-Boote Austria

15th International Sub Regatta Neulengbach

Life on the submarine

former submarine sailors tell

Presentation with panel discussion

Moderation: Hans Hofmann / IGU-Austria

Five former crew members, including the commanding officer, petty officers, and other crew members, will introduce you to their respective work-places and give you an insight into the preparations required for a voyage and what a day at sea on a submarine was like.

An exciting and entertaining evening for all submarine enthusiasts and those who would like to become one.
